Executive Summary

Why SmartEats

SmartEats addresses the growing problem of unhealthy, inconvenient, and opaque meal options for busy professionals and corporate employees. In today's fast-paced world, individuals struggle to find time to prepare nutritious meals, while existing food delivery services often compromise on quality, customization, and ingredient transparency.

Mission

We aim to revolutionize healthy eating by offering delicious, chef-prepared meals that cater to a wide range of dietary requirements, ensuring quality, transparency, convenience and variety. We believe in empowering our clients to make healthier choices without sacrificing taste or variety.

Vision

To become the leading provider of healthy meal solutions in the Zurich region and beyond, setting the standard for quality, innovation, and customer-centric service in the food delivery industry.

Market Focus

While we serve individual customers via our website and partner's platforms, our primary market is corporate offices and gyms in Opfikon and surroundings, targeting daily lunch orders for employees.

Launching Budget

45k CHF seed collected from own capital, human capital and bank loans.

Turnover Forecasts

Aspected to reach 0.94 M CHF in revenue in the first year and half and 1.18M CHF in the third year only.

Company Overview

Products

We offer weekly menu for 5 different dietary preferences: CarbFit, ProGain, Balanced, Gourmand and Bio, having atleast 2 vegan option daily plus innovative desserts and smoothies. We also serve 2 daily regional themed dished from all around the globe.

Service Plans

Tiered partnerships based on order volume, with escalating benefits such as discounts and free delivery. Special packages for premium clients, including early access to special menu items, guaranteed punctuality, and additional discounts.

Team

- Ciprian Loghin - CEO & Founder
- Lorenzo Lorenzi - Head Chef
- Catalin Loghin - Delivery Manager

Key Partners

- CEO's Enterprise: Managed by our CEO for marketing, IT, and administration.
- Offices & Gyms in Opfikon: Strategic partnerships to access corporate and wellness customers.
- Primary Food Suppliers: Local, international and organic suppliers delivering premium ingredients.

Company Description

How it works?

Customers visiting our website can select meals from our menu. Our expert cooking team packages the meals in insulated thermal boxes then our dedicated delivery team transports the orders directly to the office reception area. Upon arrival, employees simply collect their meals and enjoy a nutritious and healthy lunch.

What is SmartEats?

SmartEats is an innovative, health-focused food delivery service that offers chef-prepared meals designed to cater to a wide range of dietary needs. Our primary product is a dynamic, weekly rotating menu that includes five customizable dishes, daily regional specials, freshly updated sides, desserts, and even nutrient-packed smoothies. Every meal is crafted with the finest ingredients and is accompanied by full transparency regarding its nutritional content and ingredient list, ensuring that health-conscious consumers always know what they are eating.

Products and Services

Meal Offerings

WEEKLY ROTATION MENU: Five upgradeable to full menu dishes per week.

DAILY SPECIALS: Two themed regional dishes each day.

STARTERS & SIDE DISHES: New accompaniments for the menus every week.

DESSERTS & SMOOTHIES: Including innovative options like protein-packed sweets and fruit smoothies.

Unique Value Proposition

QUALITY: Only the finest ingredients are sourced, and cooked by our experienced and multicultural chefs.

TRANSPARENCY: Every meal includes detailed ingredient lists & nutritional values.

CUSTOMIZATION: Serving 5 different dietary preferences: CarbFit, ProGain, Balanced, Gourmand and Bio, having at least 2 vegan options daily.

VARIETY: Every day we have themed regional dishes from all around the globe.

FLEXIBILITY: Multiple ordering channels and varied delivery models to suit different customer segments.

Market Analysis

Total
Addressable
Market

Serviceable
Addressable
Market

Serviceable
Obtainable
Market

The Swiss Food eCommerce market is predicted to reach CHF 1.406,0 million by 2025 and accounts for 9% of the total eCommerce market in Switzerland. The CAGR for 2025-2029 is expected to be 8.7%, resulting in a projected market volume of CHF 1.966,5 million by 2029.

The population of Opfikon compared to the total population of Switzerland is around 0.23%. Making the proportions, the available market share remains at a volume of CHF 3,23 milion for 2025.

Based on our goal to break even in the first 6 months by selling a total of 1,000 plates (generating CHF 220,000 in revenue), SmartEats aims to capture about 6.8% of the SAM.

SAM

SOM

Industry Overview

The demand for healthy, transparent and convenient meal options is on the rise. Consumers increasingly prioritize food quality, ingredient transparency, and dietary customization. The healthy food delivery segment, especially in urban areas with high concentrations of corporate offices, is a rapidly growing market.

Why customers choose to eat smart

- A Nielsen survey indicates that approximately 65% of consumers consider full ingredient transparency a key factor when choosing food products.
- Research from the Global Wellness Institute shows that over 60% of urban consumers have become more health-conscious in recent years, with many actively seeking out healthy meal delivery options.
- According to a Statista report, nearly 55% of urban professionals prioritize convenience in their food choices, which drives the growing demand for meal delivery services.

Target Market

- Corporate Clients: Offices in the Opfikon and wider Zurich region, where companies are seeking reliable, healthy lunch solutions for employees.
- Individual Customers: Health-conscious consumers ordering via our website or platforms like UberEats (12:00–18:00 window).
- Gyms and Fitness Centers: Institutions that benefit from offering premium nutritional options to their members, with flexible delivery terms.

- Weekly Menu for 5 Different Dietary Plans
- Proteic Desserts & Smoothies
- Multi-Channel Business Model
- Strategic Location & Focus
- Experienced Management Team
- Working from Home

My Weaknesses

- Operational Complexity
- High Initial Investment & Operating Costs
- Reliance on Third-Party Services

POSITIVE

NEGATIVE

Opportunities

- Rising Health & Wellness Trend
- Corporate Wellness Programs
- Expansion to New Markets
- Technological Enhancements
- Strategic Partnerships

Threats

- Intense Competition
- Supply Chain Vulnerabilities
- Regulatory & Compliance Risks
- Economic Uncertainty

EXTERNAL

Risk Analysis & Mitigation

Risk	Mitigation Strategy
Market Competition	Differentiate through premium quality, transparency, and corporate partnerships; continuous innovation.
Operational & Supply Chain	Establish strong supplier relationships, diversify sourcing, and implement rigorous quality control measures.
Financial Uncertainty	Maintain conservative budgeting, build contingency reserves, and closely monitor revenue & expense trends.
Regulatory & Legal Compliance	Stay updated on food safety and business regulations; engage expert legal counsel and secure necessary permits.
Technology & Cybersecurity	Invest in robust IT infrastructure, backup systems, and cybersecurity protocols to ensure seamless ordering.
Customer Retention	Develop loyalty programs, gather regular feedback, and offer personalized incentives to enhance stickiness.
Dependency on Partners	Diversify delivery channels and develop in-house logistics to reduce reliance on single platforms.

Marketing

PRODUCT: Premium Healthy Meals

Chef-prepared, weekly rotating menu featuring customizable options, daily regional specials, and nutrient-packed desserts. Emphasizes ingredient quality and full nutritional transparency.

PRICE: Competitive Pricing with Tiered Packages

Offers value through volume-based discounts, free delivery for higher-tier corporate packages, and special introductory rates (e.g., premium plan discount for the first 6 months).

PROMOTION: Multi-Channel Marketing Campaign

Combines direct office outreach, digital marketing (social media, SEO, content marketing), printed promotional materials (brochures with QR codes), and partnerships with fitness centers.

PLACE: Online Platform and Targeted Delivery

Utilizes a user-friendly website and mobile ordering, with individual orders processed via UberEats and corporate orders managed through our dedicated in-house logistics team.

Marketing Objectives

SmartEats is poised to transform the healthy food delivery market by targeting both individual consumers and corporate clients. Our marketing strategy is designed to address the evolving needs of health-conscious professionals and to capture a significant share of the corporate lunch market in the Zurich region. Our objectives are to increase brand awareness, build customer loyalty, and drive recurring orders through a multi-channel approach.

Increase Brand Awareness

- Leverage direct marketing by having the founder visit local offices to distribute branded brochures with QR codes.
- Build an engaging online presence through social media, content marketing, and SEO.

Drive Sales and Customer Retention

- Establish strong corporate relationships with tiered service packages (Silver, Gold, Platinum) that provide clear benefits such as discounts and free delivery.
- Develop a premium plan for gyms, enhancing the brand's reputation within the wellness community.

Position as a Market Innovator

- Differentiate through full transparency in ingredient sourcing, nutritional information, and high-quality, chef-prepared meals.
- Offer a diverse, customizable menu that meets various dietary needs, setting a new standard in healthy eating.

Customer Acquisition

Digital Engagement

Develop an interactive website, mobile app, and social media presence to showcase our product quality and customer testimonials. Use targeted digital advertising to reach urban professionals.

Direct Corporate Outreach

Personalized visits to offices and networking events will introduce our corporate packages directly to decision-makers.

Partnerships & Influencers

Collaborate with local gyms, wellness centers, and health influencers to create authentic endorsements and broaden our market reach.

Customer Education

Educate potential customers through blog posts, videos, and newsletters that highlight the benefits of a healthy lifestyle and the advantages of SmartEats' transparent, customizable meal options.

Selling Channels

Corporate & Gym Partnerships

Tailored packages with clear tiered benefits encourage bulk and recurring orders, simplifying the lunch process for offices and fitness centers.

Direct Online Sales

Customers can order directly from our user-friendly website during our operating window (12:00–18:00 for individuals; orders by 10:00 AM for corporate clients).

Third-Party Platforms

For individual orders, integration with platforms like UberEats expands our reach and ensures efficient delivery.

Business Model Canvas

Leadership Organization

Ciprian Loghin

Founder & CEO

Responsible for the overall business strategy, administration, IT systems, logistics, and marketing. Ciprian will also spearhead direct marketing efforts by engaging with local corporate offices to establish partnerships.

Lorenzo Lorenzi

Head Chef

Oversees the culinary aspect of SmartEats. Lorenzo designs the weekly menu, ensures the highest standards in meal preparation, and collaborates with a dedicated “specials” chef to offer daily region-themed specials.

Catalin Loghin

Delivery Manager

Manages the in-house delivery operations. Catalin coordinates daily order aggregation, packaging, and timely distribution using rented vehicles and additional support from a dedicated delivery team.

Organization Chart

Operations Plan

Daily Workflow

Morning Preparation (8:00-10:00)

- Pre-cooking and initial food preparation are completed the evening before, ensuring maximum efficiency in the morning.
- First cold dishes can start to be prepared.

Order Aggregation (10:00-11:30)

- Orders are received, verified, and aggregated by the operations team.
- Packaging, labeling, and grouping for delivery are performed during this period.

Corporate Delivery (11:30-13:00)

- In-house delivery using half-day rented vehicles from a partnered mobility company.
- Delivery team ensures that meals are delivered to reception areas in thermal boxes.

Individual Delivery (12:00-18:00)

- Orders not covered by corporate free-delivery plans are fulfilled via the own/partener's platform.

Weekly Operations

- **Menu Planning:** Every Saturday, a dedicated team (including guest chefs) visits local markets to source seasonal or promotional ingredients and finalize the upcoming week's menu.
- **Send Necessary Orders:** After planning the menu and consulting the inventory orders must be sent to our suppliers.
- **Best Dish of the Week Award:** Every time they order a new dish, our customers can make a review earning points and helping us choose the Best Dish of the Week Award that will be rewarded with CHF 100.

Financial Plan

SmartEats is set to launch with a seed investment of CHF 30,000 + CHF 15.000 bank loan, covering foundation costs. In our initial six-month period, we target break-even operations with total revenue of CHF 220,000, covering both fixed and variable costs.

Capital Requirements

Department	Value (CHF)	Percentage
Legal Expenses & Permits (notary, HACCP, fire etc.)	5.000	11%
Kitchen Setup & Equipment (machinery, utensils)	8.000	18%
IT & Software Development (website, ordering system)	11.000	25%
Marketing & Advertising (digital campaigns, brochures)	6.000	13%
Operational Expenses (inventory, packages, rent)	15.000	33%
TOTAL	45.000	100%

Financial Projections

SmartEats's financial plan demonstrates a clear path to profitability and significant ROI over the next three years. With a solid break-even in the pilot phase and robust revenue growth, our unique positioning in the premium healthy food delivery market will drive sustainable expansion. This plan not only highlights our fiscal discipline but also underscores the scalability of our business model.

Voice	Fiscal Year 2025 (6 months)	Fiscal Year 2026	Fiscal Year 2027
Total Revenue (in K CHF)	220	720	1.180
CAGR	0%	64%	64%
Net Profit (in K CHF)	0	60	280
ROI	0%	133%	622%

Appendix & Proof of Concept

Market Analysis

The Swiss food delivery market is rapidly expanding, fueled by a shift toward convenient and healthy dining options among urban professionals. Consumers now seek premium, nutritious, and customizable dishes, reflecting broader trends in wellness and lifestyle.

Unique Value Proposition

Premium, chef-prepared healthy meals for diverse diets; Full transparency with ingredient and nutritional values; Dynamic menu with weekly and daily special offerings; Multi-channel ordering system with corporate and consumer focus.

Initial Investment & Capital Repayment

CHF 45.000 in seed capital is invested, with the obligation to repay this amount over 30 months.

Break-Even Performance

Within the first 6-month period, we achieve break-even point with total revenue reaching CHF 220.000. This revenue represents 6.8% of the SAM in Opfikon.

Growth & Profitability

Year 2: Revenue grows to CHF 720.000, generating a net profit of CHF 60.000.

Year 3: Revenue increases to CHF 1.180.000, with net profit climbing to CHF 280.000. These figures reflect a consistent CAGR of 64% over the next two years.

ROI

After 30 months, the model projects an exceptional ROI of 622%, underscoring the financial viability and scalability of the concept.
